Re: *Infosint S.A. v. H. Lundbeck A/S*

Dear Peter:

We have reviewed the summary judgment papers. We are not convinced that the law is as defendants argue. Nevertheless, in view of the fact that the '973 patent also covers the processes that employ trioxane, and in an effort to streamline the issues for trial, Infosint will agree to a stipulation dismissing the '516 patent and corresponding counterclaims from the case.

If you wish, we can draft a form of stipulation and order and send it to you. Please let me know how you would like to proceed.

Very truly yours,
